Hiring organization
QCharge

Employment Type
Full-time

Job Location
California

Date posted
May 4, 2023

Description

The EV Charger Installer will be responsible for installing electric vehicle charging stations at various locations such as homes, businesses, and public areas. The role requires a solid understanding of electrical systems and the ability to work efficiently to complete installations within the allocated time frame.

Responsibilities

- Solid understanding of electrical systems and the ability to read schematics and blueprints
- Experience with installing electrical systems, preferably electric vehicle charging stations
- Excellent communication skills and customer service skills
- Ability to work efficiently to complete installations within the allocated time frame

Qualifications

- Generate leads and close deals with potential customers who are interested in installing EV chargers
- Develop and maintain relationships with existing customers
- Achieve sales targets and meet performance metrics
- Provide excellent customer service throughout the sales process
